

# Mountain Area Performing Arts Association

*Performing Arts*  
of the  
mind, body & soul

Welcome to the mountains!

These hills **are** alive with the sound of music. Our magnificent four seasons are filled with performing arts opportunities in multiple venues. Our organization has compiled this information in a comprehensive website showcasing the main performing arts groups in the north Georgia Mountains and the tip of Western North Carolina.

You can access the MAPAA website at [www.mapaa.org](http://www.mapaa.org). Our website is complete with dates, times, ticket prices, location and driving directions. You can access this valuable information 24/7 via the internet. You will also have the opportunity to link to each group's website from our website.

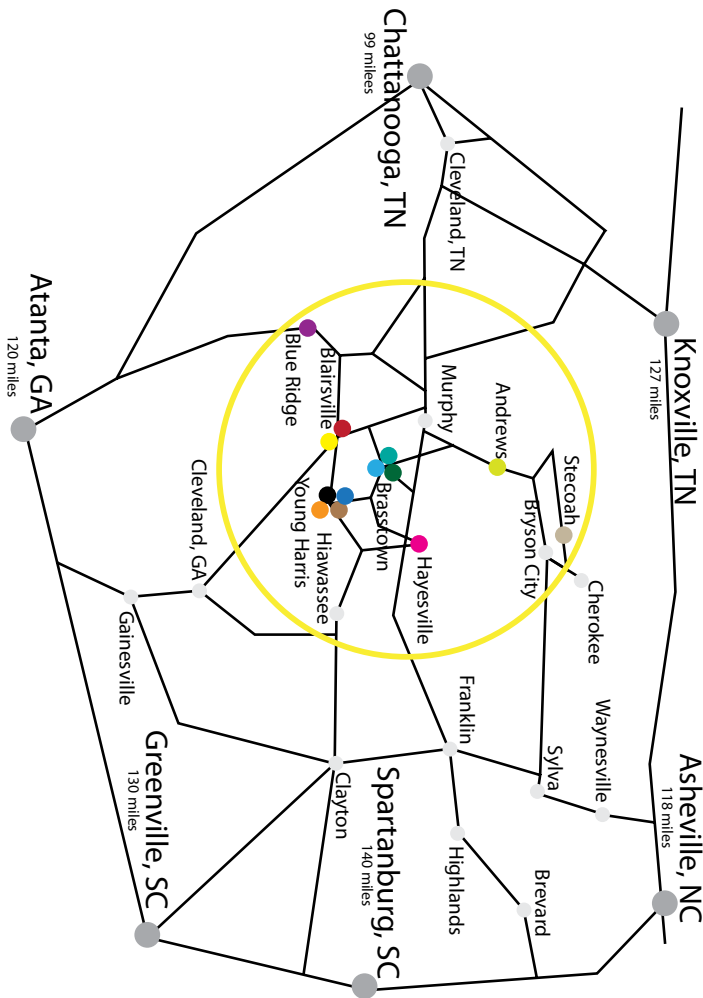

MAPAA encourages you to seek out the tried and true and something new. This area is renowned for outstanding talent in the Southeast. So, take your pick. You can't go wrong with any performance you choose.

Thank you for your interest in the performing arts!

*Where to find live entertainment  
in the southern Appalachian  
Mountains*
